H3: Harm Healing Hope

275 responses

ease add other factors that you think should be listed above.
/Α
eer pressure
/a
а
owhere for teens to go while parents are at work
ack of faith. Lack of self -worth . Lack of respect
oung people ages 14-18 need jobs or something to do to earn money
meliness of police
ffordable education
enerational
ood insecurities, lack of information
acial issues
enerational
ullying, discrimination
top the gun
amily togetherness
olice brutality
lore things for teens
ick of mentorship program
nore church involvement

more activities for our children in the black community

Black leadership

Men groups, men activities

self-determined means lacking significantly

community involvement

lack of proper education in schools

family with not education good

more mentorship

drugs

kids program

have something for the kids

lack of unity amongst already existing and new incoming programs- we need to unify our front line

I think you guys covered it all

that is great start, address these issues and things will get better

christian education, sunday school teaching

eduaction on self self worth

stereotypes propagated by media

food inequality

positive influences

systemic, racial

better paying jobs

covid 19

race

easy access to guns, parents not tending to children

felons not given the opportunities once released from prison

now

lack of God

after school/before school programs, high school curriculums that include training for options after high school

more stand up men

lack of love

support of each other

church activities

not a enough family time

workforce programs for teens

more youth programs like JTPA

lack of self respect

people move in area from other places

love/ families communicating

lack exposure to better ways of making money and conflict resolution

more for youth to be involved in

I feel we just need to come together

Single parent home

we need to work with families to help with education covid, unemployment **Donation sites Conflict Resolution** Systemically racist systems like redlining parenting access to health care lack of after school activites I think you guys hit the tops ones pretty much covered Lack of greenspaces and safe places to be outside and physical activities No Familiar relationships and retaliation (inherited beefs) vocational training up bringing kids disrespectful Not enough community support expectations/accountability because I face some of them at my school pandemic, lack of connection structural racism and all "isms" parenting rent

financial literacy

You've covered everything

Neighborhood segregation

gender violence

people need to say something if they see something

gangs

Employment

summer jobs

Family helping their children

Skate at old Gorman's building

generation gap

Taking traditional religion out of schools. Prayer in the home, respect for morals

self love

What do you think can be done to reduce community violence in Champaign-Urbana	ı ?
198 responses	
unity	
gun control	
come together	
Na	
More activities for young adults	
Having more healing centered approaches.	
Programs that reduce poverty	
More People willing help	
Police, mentors and families getting working together by e	
More access for young people to engage in positive things	
Ask the young people in our community they must be involved. We can not fix this problem without their input and God!	
Educational Programs	
More leadership	
Addressing poverty	
People should get together more and talk	
call in neighborhood watch	
More recreational programming and activities; educating the youth	
Community Forum	
canvassing/information sharing	1
More law enforcement support	

After-school programs Offer kids alternatives to gangs by offering programs Better support and activities More community involvement Wrap our arms around this community, let's stop talking and act I think that it just takes time Laws more investments into community and youth initiatives People coming together more positive rally meetings have less easy access to guns more community activities Praying added back into school for all grades Activities for youth/household- more environment more parent involvement work together have community meetings have structure of different jobs, volunteer more mental health services, parents being accountable People actually caring. We need to be a collective rather than have multiple separate organizations Family supoort

more community involvement

Spreading awareness of the effects beyond injury/death

greater black unity needed

sisters, mentors, basketball leagues, dance & step teams

more jobs

police need to randomly stop people with bookbags

more accessible activities for the youth

educate

proper sensitization through seminars and workshops

more constructive programs

more education for all

mentor programs/sports

more involvement for the generation

things for people to do constructive

after school program

have more activities

people coming from other places maybe have a welcoming group or something to help them understand things are different here

Unifying front lines and loving one another no matter

mentor programs

Earlier Intervention

targeted funding, community engagement

constructive resources

,	
	access to jobs, activities, opportunities in the community
	provision, funding, infrastructure, positioning
	stop having all these fatherless children
	not sure, maybe stronger family structure and more education on self worth
	improve family dynamics, everything else stems from there
	more community events like CU Days
	more coalition building
	better parenting skills
	more mentors
	funding programs
	more positive role models
	affordable housing, better pay, childcare
	take care of youth
	a community coming together
	more leadership
	more talks with parents, cpommunity, bring more activities and or jobs for youth, help get rid of drugs/guns
	more jobs, affordable housing, mentors, church, Jesus
	more cooperation gov and citizens
	more productive activities
	more parental guidance
	more positive male role models
	affordable constructive activities

H3: Harm Healing Hope

placing electronic license plate readers throughout the entire community, Champaign and Urbana as a start

community events w/violence controls

more laws

not sure how to word it, but information on keeping families together adn support (legal)

get young people involved in community activities

more activities to keep people busy and positive

to bring the young people in a structured environment and seek ensures a solutions from them

more funding to group and adequate programming, more knowledge and access to affordable housing, services, and programming

it's hard to put a finger on

having more events in community to bring awareness to gun violence

networking

more mentor programs

more activities for our children

more jobs, more info on mental health

online police
